Dr. Martin Raditsch – President ASTP / CEO Innovectis GmbH
ASTP is Europe’s premier association for professionals involved in knowledge transfer among universities and industry.
The association aims to enhance the impact of research on society and the economy by promoting and professionalising knowledge transfer practice.
Organisational Structure
About us

• Knowledge transfer professionals are from the public and private sectors

• We strive to initiate, inspire, involve and influence individuals and collectives

• Members: 900+ individuals from 47 countries, 650 institutions

• National Associations Advisory Council (NAAC) delivers input from 29 different countries

#astp4KT
RTTP | Registered Technology Transfer Professional

- International professional standard
- Recognises demonstrated competence and experience across the breadth of technology transfer
- Attendance at all ASTP training courses and events are ATTP accredited
- Attendees collect CE points at our events, which leads to accreditation
European KTO landscape: key trends

- Increased recognition of KT profession, akin to US, in part due to the growth of ASTP/ATTP
- Increased understanding of the role and impact of strong KTOs
- More sophisticated relationships across industry/academia for novel innovation due to EU collaborative projects with enhanced multi-national familiarity
